Description

Our mission is simple: create products that give students *everywhere* access to enjoyable, affordable, and effective test prep.

As the demand for high test scores has grown, admission to top schools has become almost unattainable for those who can't afford expensive prep classes and tutors. We're changing that by helping millions of students study at their own pace, and on their own time - regardless of location, social status, or background.

It's time for more students to reap the rewards of advanced education. We aim to enrich society by making education more accessible and helping more of those who dream of an advanced degree, a better position, and a more fulfilling lifestyle, get what they seek.

We're committed to making test prep accessible, effective, and enjoyable so that students can achieve their educational dreams. Are you next?

Accessible: We have students in over 185 countries! Regardless of your background, where you live, or your path to higher education, you can study with Magoosh. We're proud to offer high-quality prep without an enormous price tag.

Effective: Results matter, especially for test prep. With Magoosh, you'll always be studying with

the most up-to-date, top-notch materials. We use data-driven techniques based on millions of students' answers to improve our questions and lessons

Enjoyable: We believe that learning should be fun and rewarding. Our team of test prep experts and tutors are not only smart, but eager to make learning fun and interesting.
