### **Description**

Mercersburg Academy prepares young men and women from diverse backgrounds for college and for life in a global community. Students at Mercersburg pursue a rigorous and dynamic curriculum while learning to live together harmoniously in a supportive residential environment.

Mercersburg's talented faculty instill in students the value of hard work and the importance of character and community as they teach students to think for themselves, to approach life thoughtfully and creatively, to thrive physically, to act morally, to value the spiritual dimension of human existence, and to serve others.

At Mercersburg Academy, learning is rich, purposeful, and life changing.

An independent college-preparatory school in south-central Pennsylvania, the Academy offers a rigorous academic program to approximately 440 boarding and day students from 29 states and 48 nations. In small classes, students and faculty work eye to eye and mind to mind, as they deepen their understanding of their subjects—and of themselves.

Outside the classroom, students immerse themselves in theater, sports, music, competitions, and camaraderie. They develop deep friendships with students from next door and from across the world. They explore new concepts and push past their limits. Mercersburg is a place of transformation. Students transform themselves—as they prepare to transform their world.

Mercersburg graduates go on to the nation's top colleges and universities. Our alumni
