

Name: Ohio Public Employees Retirement System

Date Printed: 11/15/2019

Posted On: 11/15/2019

Industry: Legal / Government

Corporate address: Ohio, Columbus,

Description

Since 1935, OPERS has meant security and peace of mind to millions of Ohio's retired public workers and their families. OPERS provides retirement, disability and survivor benefit programs for public employees throughout the state who are not covered by another state or local retirement system.

With defined benefit and health care investment assets of \$99.2 billion as of Dec. 31, 2018, OPERS is the largest state pension fund in Ohio, and the 12th-largest public retirement system and 15th-largest retirement system in the U.S. Located in the heart of downtown Columbus -- Ohio's capital city - OPERS is blocks away from the Ohio Statehouse.

OPERS members do not pay into Social Security. Instead, OPERS replaces Social Security for our members. OPERS serves more than 1 million past and present Ohio workers. This includes active (working) members, benefit recipients and former public workers who maintain an account with the system.

Ohio PERS is a great place to work! We are a dynamic organization serving over 700,000 public employees and retirees who spent their working lives serving Ohio citizens.

Everyday at Ohio PERS we have a chance to make a difference in someone's life. We are looking for people who are customer focused, ready to play an important role on a great team, always thinking of better ways to do things and who want to have some fun.

If this sounds like a place where you would like to work, we hope you will apply.
