Description

Nicor has been part of the fabric of the communities in northern Illinois and the Chicago suburbs for five decades. The corporation's largest subsidiary, Nicor Gas, was founded in 1954 as Northern Illinois Gas and today is one of the largest natural gas distribution companies in the country, serving more than two million customers in 643 communities.

At Nicor, we understand the value of diversity and strive to build and maintain a diverse workforce throughout our company. We foster an inclusive environment, recognizing that it is the capabilities and contributions of every employee that drives our company's success. We are committed to being an Equal Opportunity Employer (EOE). We recruit, hire, train and promote into all job levels employees and applicants for employment without regard to race, color, religion, age, sex, national origin, sexual orientation, gender identity, physical or mental disability or veteran status. All such decisions are based on individual merit, qualifications and competence as they relate to the particular position, and the principle of equal employment opportunity. Nicor Gas operates a network of more than 34,000 miles of pipelines, connected to the largest underground storage facilities in the country. This helps ensure reliable natural gas delivery to customers year round.
