Description

Our mission is to work in partnership with families to help society's most vulnerable children so that they become educationally proficient, economically productive, and socially responsible members of their communities.

Behind this mission lie three core beliefs: First, all children and youth need connections to adults, preferably family members, who believe in them and will remain connected throughout their lives. Second, education, appropriate social behavior, and job skills are essential to functioning independently in society. And third, everyone has strengths and the desire to make his or her life happy and fulfilling; with support and the tools to overcome obstacles, most can and will succeed.
