Description

Reichhold is one of the world's largest suppliers of unsaturated polyester resins for composites and a leading supplier of coating resins for a wide variety of markets and applications. With its world headquarters in Durham, North Carolina, USA, and 19 manufacturing sites (17 operated by Reichhold) and 5 technology centers located around the world, Reichhold has the widest global reach of any resin supplier today.

1300 + People, 1 Goal

With 1.300 employees worldwide, Reichhold has the global resources to provide innovative solutions to the needs of our customers: composites fabricators and coatings formulators. Meeting their needs and exceeding their expectations is our primary goal. Composites Business As one of the world's largest suppliers of unsaturated polyester and vinyl ester resins for composites applications, Reichhold is committed to being the preferred and responsible supplier of both conventional and speciality products to an increasingly diverse group of global customers.

To serve these global customers, Reichhold has expanded into rapidly growing markets that include India and China. Reichhold is dedicated to providing our customers with the most innovative, highest quality value-added products and services possible. This is achieved by offering the broadest global manufacturing presence and a complete line of resin products, gelcoats and bonding pastes for a wide variety of composites end use applications.
